The Coin

Italian excellence. Legendary performance. Captured in pure silver.

Featuring some of the most celebrated Ferrari models, from the 499P to the F80 and 296 Speciale, this prestigious three-coin silver set, pays tribute to the technological evolution of Ferrari's hybrid V6 powertrain.

The IPZS's Ferrari collection is complemented here with a prestigious three-coin set in 99.9% silver, consisting of three €6 coins dedicated to the Ferrari 499P, F80, and 296 Speciale models. The coins share a refined visual language that highlights the Prancing Horse, the iconic symbol of the Maranello-based manufacturer and a hallmark of Italian design excellence.

The coins have been struck at the State Mint's workshops, further reinforcing the role of the Istituto Poligrafico e Zecca dello Stato in promoting and celebrating Italy's industrial, cultural, and creative heritage.
