Coin Story:

After another incident involving the Avengers results in collateral damage, political pressure mounts to install a system of accountability, headed by a governing body to oversee and direct the team. The result fractures the Avengers, splitting them in two camps – one led by Steve Rogers and his desire for the Avengers to remain free to defend humanity without government interference, and the other following Tony Stark 's surprising decision to support government oversight and accountability. Whose side are you on? TEAM CAP or TEAM STARK?

Each coin has a brilliant, proof colorized finish with a design specific to one superhero! The Captain America and Iron Man coins interlock together, making for a very unique collector's item. The other coins show theatrical versions of the characters that play key roles in shaping the future of the Avengers team. Included in the set are six different 1 oz. silver coins, with designs featuring Captain America, Iron Man, Black Panther, Falcon, Winter Soldier, and Black Widow. On the other side, your coins display the effigy of Her Majesty Queen Elizabeth II and the legal tender value of Fiji "ONE DOLLAR".
